SHENZHEN GOSPELL SMARTHOME ELECTRONIC CO., LTD

CONTENTS

ABOUT US

GOSCAM (Shenzhen Gospell Smarthome Electronic Co., Ltd.) is an industry-leading high tech company specializing in the production of wireless AV transmission equipment.

We design, manufacture, and supply baby monitors, security cameras, network/IP cameras and other surveillance products to customers all across North America, Europe, Australia, and Asia. As one of the leading security product manufacturers on the Chinese mainland, we operate out of a 12,000 m^2 factory with over 1,000 employees.

We are certified to be in conformance with ISO 9001:2000. Additionally, we are a proud part of the first batch of companies to be IECQ QC080000 HSPM certified, which guarantees our products to meet the environmental policies of your market. Everything we produce is also in compliance with all FCC, CE, and RoHS & WEEE Directives. Just like our customers from across the world, our team of 80 engineers, each with at least 10 years of experience in structural and cosmetic design, is ready to use their experience to work on your next OEM project. With our market-familiarity and splendid performance in wireless transmission product design and manufacturing management, GOSCAM has already been recognized as a strategic partner of many OEM/ODM businesses. Our achievements have won us good business relationships with many international buyers and suppliers. Advantages of partnering with GOSCAM: Our company's mission is simple; to provide you with outstanding technology at a reasonable price. But with our high quality products, rapid market response, and unparalleled customer service, we rest a step above our competition. What we supply is all developed in-house, allowing us to render custom samples five days faster than the industry standard – 10 days for OEM With our production rate of 250,000 units monthly, we are able to handle any order.

Gospell is the leading and star enterprise of Hunan's electronic information industry. Headquartered in Chenzhou Industrial Park, where covers an area of 400 acres, located in Chenzhou City, Hunan Province.

1080P		((•))	🔋	🔔	👁	🔊	🌙
Full HD	100% Wire-Free	WiFi Station	5200mAh battery	Alarm	PIR Sensor	Two-Way Audio	Night Vision

Features:

- Totally wireless. Sound wave WiFi configuration make the setup more smoothly and successfully.
- 1920*1080P FHD preview and event recording, wide degree lens optional, and 8M excellent night vision.
- High-performance lithium battery with ultra-low power design enables a long endurance of up to 6months.
- Two way full-duplex audio allows Hands Free crystal-clear voice /video communication.
- Anti-dismantle protection will trigger alarm and alert the mobile.
- Wide angle high-precision PIR sensor detects human movements and triggers recording to the WiFi station.
- Smart WiFi Station: Effectively extend the doorbell transmission range, make the connection more stable, and allow faster response to visitor w/o latency.
- The WiFi station will ring when visitor rings the doorbell, also push a notification call to app/mobile.
- Supports maximum 128GB TF card recording (TF card is not included)/Cloud recording optional.

Model No.: 5200ZB

| Full HD | 100% Wire-Free | WiFi Station | Rechargeable battery | Motion detection alarm | PIR Sensor | Two-Way Audio | Night Vision | IP65 |

360° VR Camera

1080P

| APP | Two-Way Audio | Full HD | TF card | Night Vision | Motion detection | 360° view |

Features:

- 100% Wire-free; Robust magnetic base ensure no complicated installation, Completely DIY;

- 1920*1080P FHD preview and recording, 140° extra large viewing angle, and excellent night vision;

- Equipped with high-precision human body sensor, detection distance can be flexibly setting, and the siren bell can scare uninvited visiter away;

- With IP65 dust & water proof rating, and transmission distance up to 320 feet, it has no fear of wind and rain whether on an outdoor wall or a tree.

- Removable high-performance 6000mAh rechargeable Li-battery with ultra-low powerconsumption design, Enable a long endurance about 1 year, No need of frequent charge. (standby duration depends on the installation environment)

- Built-in speaker and high sensitivity microphone allow you to listen & talk to others on your mobile phone anytime and anywhere.

- Standard WiFi station: Effectively extend the transmission distance, and provide video and image storage without worry of being stolen (TF card is not contained), as well as sound and light alarm to remind of intrusion

4.3" Wireless Digital Baby Monitor

2.4GHz

2.4GHz Encryption Wireless	Lullaby	Two-way audio	Infrared LEDs	Digital zoom	Alarm	1200mAh

Wireless — Lullaby — Two-way audio — Night Vision Infrared LEDs — Digital zoom — Alarm — Li-battery 1200mAh

Model No.: 8217KL2

Features:

● 5 Lullabies option
● Built-in lithium 1200mAh battery
● HD video quality 640*480p resolution, horizontal 345°, Vertical55°
● Digital zoom for closer views on screen
● Room temperature monitoring with high/low temperature alerts
● Sound activated LED indicators
● 100% digital technology for privacy and security, with range up to 300m

Specifications

	Item	Specifications
Camera	Image Sensor	1/6.5",CMOS
	Effective Pixel	640*480
	Horizontal Viewing Angle	50°
	IR Range	3-5m
	Rotation Angle	Pan: 345° Tilt: 55°
	Interface	micro USB
	Power Supply	5V 1A

Smart Home Surveillance Kit Category

Full HD Home Surveillance Kit with Low consumption Battery Cameras

1080P

Icon	Label
400m transmitting	Wireless range
Alarm	Motion activate
SD Card	Up to 128 GB
Motion Detect	Motion detection
Night Vision	Infrared LEDs
10.1" TFT	Touch screen
Li-battery	6500mAh 200 days

Model No.: 8130HC

Features:

- Remote view with iPhone/Android phones
- 4CH digital wireless camera & DVR system
- Simple installation, no video cable required
- Total digital wireless, no interferences,no privacy leak
- 10.1" LCD Touch screen with integrated video recorder
- Support up to 128GB SD card or external 2TB mobile disk by USB2.0
- Support 4 cameras/ 24hours /7days non-stop overwrite recording
- Multiple recording modes: manual,schedule,Motion detection
- Support HDMI video output function
- IR-cut filter embedded

Specifications

	Item	Specifications
Camera	Image Sensor	1/2.7, CMOS
	Effective Pixel	1080P
	Horizontal Viewing Angle	115°
	IR Range	8m
	Ingress Protection	IP65

4.3" Wireless Surveillance Kit

Wireless | IP66 | Wireless range | Motion activate | Up to 32 GB | Motion detection | Infrared LEDs | PIR

Model No.: 8129HG

Features:

- FHSS wireless digital private protocol encryption transmission
- High-definition camera, the monitoring imaging more clearly
- Simple installation, no video cable required
- Total digital wireless, no interferences,no privacy leak
- Equipped with 4.3-inch hd display (480*272) receiver
- Support 1 cameras/ 24hours /7days non-stop overwrite recording
- Multiple recording modes: manual,schedule and PIR activated
- 5m night vision range
- Automatic abnormal detection, theft alarm
- Weather proof outdoor IP66 cameras with 300 m/1000ft transmission open range
- IR-cut filter embedded

Full HD 4CH Wireless NVR Kit

Night Vision — Infrared LEDs
Wireless — Network
1080P — Full HD
Remote viewing — Support IOS Andriod
Water-proof — IP55
H.265 — Advanced Video Compression

IP55

1080P

Model No.: 8005HB4

Features:

- 7-inch LCD receiver, Camera resolution 1920*1080P
- 4CH WiFi camera 1080P real-time recording NVR system.
- No wiring required, simple installation, automatic coding paired, plug and play, support maximum 20m night vision
- Support 4CH 400m Open range transmission distance SD card slot max support 128G SD card.
- By playing back important evidence or interesting video records of 4CH.Let you know the actual of the whole event;
- Support iOS/Android smartphone APP and CMS remotely view and control.
- Support 4 channels 1920*1080P full hd camera /24 hours / 7 days continuous loop recording
- 24 hours a day monitoring, day and night guardian.
- Support receiver to insert SD card to upgrade receiver and camera system firmware
