

# WCCTV Body Worn Camera (Record)

**WCCTV's Body Worn Camera (Record)** captures video, audio and pictures on the move. Designed and manufactured in the UK to meet and exceed BSI standards for Body Worn Cameras, it boasts a wide range of market-leading functionality.

Key features include playback up to 1080p at up to 30 frames per second, with all recordings capturing vital metadata such as date, time, GPS location, device number and user details to ensure evidential usage.

The unit also contains inbuilt Wi-Fi capability to provide live video transmission and wireless downloading of footage when in range.

The simple yet functional design of the WCCTV Body Worn Camera (Record) lends itself to ease of use, with a simple one-button record mechanism.

Its lightweight yet durable housing is IP65 rated to protect from dust and water damage, and can operate in temperatures from -20°C to +80°C.

The device also has an illuminated 2.8" front-facing screen - proven to reduce conflict and aggression - and a 120 second pre-event recording buffer to ensure incidents are not missed.

The WCCTV Body Worn Camera (Record)'s rechargeable battery provides an operating time of up to 17 hours in standby mode or 7 hours in full recording mode.

Charging and downloading of footage can be facilitated via **WCCTV's Smart Hub - Docking and Charging Cradles** removing the requirement for multiple adapters.

## Features and Benefits
