# Croner-i Hazardous Substances

Many organisations use substances that can cause damage to people or the environment, and need to understand how important it is to handle, label, and transport them correctly. Croner-i Hazardous Substances is designed to help you understand the most relevant and up-to-date standards. Our online tools and practical guidance help you meet your legal obligations with chemicals, stay compliant, and keep everything safe.

## Practical guidance, tailored to you

We deliver all the information you need for the safe, day-to-day management of hazardous substances and chemicals. That includes the latest official guidance from the HSE, a searchable database of over 110,000 substances, and advice on over 140 topics such as REACH, GHS, COSHH, CLP, asbestos, emergency planning, and more.

## Up-to-date advice

Croner-i Hazardous Substances is updated daily, fortnightly e-alerts that highlight the latest news and new content. You can be certain that what you're reading is fully up-to-date with the current best practice and regulatory standards.

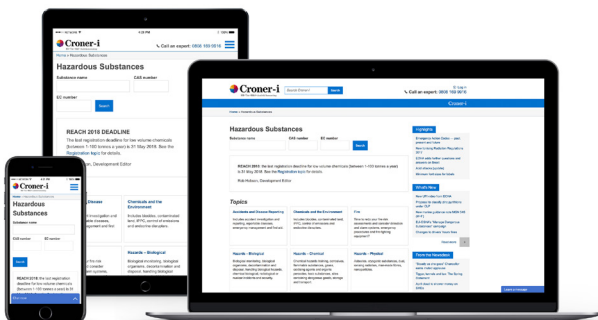

## Extra support

Access to our telephone helpline gives you peace of mind and extra support, any time you need a second opinion or have a complex issue.

## KEY FEATURES

- ✓ Database with 110,000+ chemical records, collated into single, comprehensive reference chemical charts
- ✓ In-depth topics on a wide range of substance-related issues
- ✓ Ready-to-use forms and model policies, factsheets, and guides
- ✓ Access to applicable Acts, Regulations, EU legislation, and a library of related HSE publications
- ✓ Fortnightly emails, keeping you up-to-date with news and feature articles on hot topics
- ✓ Expert telephone helpline for additional support on chemical and health & safety issues

*"Croner-i Hazardous Substances contains a wide range of available information which is easily accessed. The mix of chemical data coupled with guidance on compliance issues is a real life saver".*

- Technical Director, plastics company -

- ✓ Database with more than 110,000 chemical records
- ✓ General information
- ✓ Classification & labelling
- ✓ Exposure & health effects
- ✓ Environmental effects
- ✓ Carriage & handling
- ✓ Emergency response

*"A lot of the legal compliance knowledge I've gained over the years has come from Croner-i."*

*"We've got the same legal framework to work within as companies who employ 100,000 people – but there's only me. It's really only the information we get from Croner-i that keeps us in touch with what's changing."*

**– Colin Pratt, Technical Director, Advanced Engineering Ltd –**
