Smart Building Control Systems by GVS:

KNX/EIB System
Video Intercom System

Tel: +86 20 82088388 www.gvssmart.com info@gvssmart.com F3 / Building#5, No. 9, 4th Lanyu St., Huangpu District,Guangzhou, 510730, P. R. China **Company Profile**

Company Profile

GVS Since 1999

Since 1999, GVS has been focusing on building control technologies, offering it's worldwide clients with quality products and professional services.

As a hi-tech company, GVS is now a pioneer in smart building industry, the company operates mainly in business line of smart building, video intercom and smart Wi-Fi thermostat. Started as a CRT manufacturer for security devices, the company has now grown and expanded into a smart building product & service provider with its professional team in design, R&D, manufacturing and sales. With its highlighted capability in display and building technology, the company has long been in the first rankings of suppliers for both KNX building control system, IP/2-wire video intercom system and smart Wi-Fi product. As the FIRST native BOARD MEMBER of KNX CHINA and first-ranking video intercom & thermostat supplier, GVS will continue to renovate and contribute to the smart building technologies in the coming decades.

Just like the slogan goes: To make life smart, and smart simple!

Video Intercom Pathfinder

Dated back to 1999, GVS started with audio intercom module business, later developed to video intercom module. Started from analog 2-wire system, GVS now offers its client with full digital IP intercom solution, with perfect integration with smart home functions. GVS has never stopped on the way of exploration and innovation for a smarter and more secured life style.

Professional Manufactory

Facility & Equipment: modern factory with SMT, plug-in, assembling, testing lines; QC, electrical safety labs, high-low temperature aging room;

Standard & Certificate: ISO90001, QC080000, RoHS, CE, KNX, FCC.

Production Capacity (annually): TFT & display module 4.5M pcs, KNX device 300K pcs, video intercom device 400K pcs.

GVS - Milestones

In 1999

99 In 2008

In 2011

In 2013

In 2015

In 2017

In 2018

In 2019

In 2021

In 2022

GVS was established.

GVS became the first Chinese KNX member in China.

First KNX Training Center in China was established by GVS.

Initiator and Chairman of the drafting team for IEEE1888.4 Green Home & Building Automation.

GVS became the FIRST native council member of KNX China.

GVS became a public company by entering NEEQ

(the New OTC).

GVS became the first native company who chaired KNX CHINA.

GVS entered the smart thermostat market by acquiring Vine Connelcted

vine

Corp.

GVS survived & thrived with 30% annual net growth in 2020 & 2021 dispite COVID-19.

FIVE-YEAR-PLAN for BSE launched with brand new GVS VI and vision.

KNX Home & Building Control System P. 004 - P. 013

KNX Home & Building Control System

KNX Smart Home Solution

KNX Smart Hotel Solution

KNX Home & Building Control System

KNX WALTZ Touch + Pad NEW!

Plastic: CHTFB-3.0/6.1.00(White) Metal: CHTFB-3.0/6.1.20(White) CHTFB-3.0/6.1.01(Black) CHTFB-3.0/6.1.02(Silver) CHTFB-3.0/6.1.03(Gray) CHTFB-3.0/6.1.04 (Gold)

CHTFB-3.0/6.1.21(Black) CHTFB-3.0/6.1.22 (Silver) CHTFB-3.0/6.1.23(Gray) CHTFB-3.0/6.1.24 (Gold)

Function:

- Elegant design mixed with IPS capacitive touch panel & mechanical button
- · Aluminum frame and replaceable buttons (plastic/aluminum)
- · Synchronized animation effects on display when buttons pressed
- · Push Buttons adjustable for 1 or 2 button operation
- · Built-in temperature sensor, RGB status LED indication
- · Adjustable for button push length, NO or NC contact operation
- Short/long operation for KNX functions of lighting, scene control, shutter etc.
- Supporting ring included for installation, integrated bus coupling unit
- · 3 years' warranty, 5 classic colors available

KNX Push Button Sensor Plus, 55mm

CHPLE-0x/02.y.0z

(x=1,2,3,4 means 1,2,3,4-Gang;y=1,2 means Shiny/Matt finish; z=1,3 means White/Black)

Function:

- 100% fits 55mm systems:
- GIRA Standard 55, E2, E22, Esprit - MERTEN 1M, , M-Pure, M-Smart
- JUNG Aplus, Acreation, A500, AS500
- BERKER B3, B7, S1
- Push Buttons adjustable for 1 or 2 button operation · Built-in temperature sensor, RGB status LED indication
- · Adjustable for button push length, NO or NC contact operation
- Short/long operation for KNX functions of lighting, scene control, shutter etc.
- · Centered title block with cover film for customized marking
- · Supporting ring included for installation, integrated bus coupling unit
- 3 years'warranty, matt/shiny finish available, white/black available

KNX Button Smart 3-Gang with Display, 55mm

CHPBL-03/00.1.00 CHPBL-03/00.2.00 CHPBL-03/00.2.01

Function:

- 100% fits 55mm systems:
- GIRA Standard 55,E2,E22,Esprit - MERTEN 1M,M-Pure,M-Smart
- Jung Aplus, Acreation, A500, AS50 - BERKER B3.B7.S1
- Support KNX Secure
- LCD Display,resolution 240*240
- Built-in temperature & humidity sensor,2-fold input interfaces
- Option 1: Push Button (3 pages,4 object/p) for all KNX functions
- Option 2: Thermostatic pages, AC(FCU,VRF), floor heating and ventilation
- Option 3: Background music pages: author/album/song display

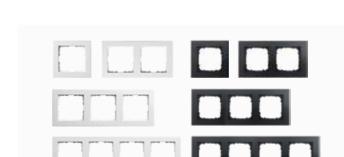

NEW!

KNX Thermostat Lite, 55mm

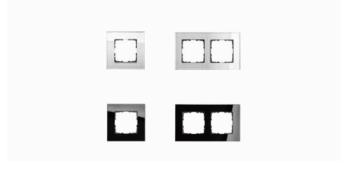

CHTL-02/00.2.00

Function:

- · Built-in temperature and humidity sensor
- · Control modes: heating/cooling, with 2/4-pipe system
- HVAC operation modes: comfort, standby, economy, protection
- Temperature logic algorithm supports 2-point and PI control
- Support 2 external inputs of dry contact or NTC temperature detection
- · Support the KNX Secure protocol

Plastic frame 1/2/3/4-fold, black/white for 55mm system

Glass frame 1/2-fold, black/white for 55mm system

KNX WALTZ Push Button Pro

CHPB-06/02.1.2x(3-Gang)

CHPB-08/02.1.2x(4-Gang) x=0, While; x=1, Black; x=2 Silver; x=3 Gray; x=4 Gold

Function:

- · Latest elegant KNX push buttons for WALTZ Series
- Push Buttons adjustable for 1 or 2 button operation
- Aluminum frame and replacable aluminum button
- · Built-in voice control and temperature sensor, with LED indication • Adjustable for button push length, NO or NC contact operation
- Short/long operation for KNX functions of lighting, scene control, shutter etc.
- Supporting ring included for installation, integrated bus coupling unit
- 3 years' warranty, 5 classic colors available

Waltz Electrical Socket & Accessories (For 86x86mm wall-box ONLY)

Socket

CHSU-04/10.1.01

Network Socket

CHTN-02/00.1.01

05 To make life smart, and smart simple

Emergency Button

CHEK-01/00.1.01

KNX Home & Building Control System

KNX Presence Sensor, microwave type

CSBPM-04/00.1.00

Function:

- Detections of normal movement, tiny movement and static presence, with 24GHz millimetres wave technology
- Sensitivity is configurable and can be adjusted by day/night
- · Internal temperature and humidity sensors
- · Constant lighting control
- · RTC controller functions
- · Logic functions and scene group functions
- · Support the KNX Secure protocol

KNX PIR Motion Sensor

CSBP-04/00,1.00

Function:

- Detection of movement, with ordinary pyroelectric infrared technology
- Internal brightness sensor, and control the light via brightness threshold and also control logically with motion signal
- · Internal temperature and humidity sensors
- · Constant lighting control
- · RTC controller functions
- · Logic functions and scene group functions
- Support the KNX Secure protocol
- · Support both ceiling and wall-box mounting

KNX Heating Actuator with Triac, 6 Fold

AFHT-06/05.1

Function:

- Support KNX Secure
- Support 24V AC or 230V AC valve
- Bus voltage failure alert, manual operation with LEDs Main KNX functions including swicthing, status
- Winter/Summer Mode
- Supports 24V AC or 230V AC themal drive. 6
- independent valve outputs, max. 300mA/ch
- 6 channels of room temperature controller: support heating/cooling mode, integrating
- 2-point/PI control with 5 scene function

KNX Multifunctional Actuator 3-Fold,6A

AMMAF-03/06.1

Function:

- 6A/channel, un rated voltage 250V AC, 50-60Hz, total current of 3 channels less than 12A
- response, scene control (8 folds), time switching, preset, logic operation, shutter, valve, heating, fan control
- 6-fold dry contact in/output, LED indicator
- Fits in 86*86mm and German 60mm wall boxes

KNX Power Supply, 640mA

BPS-02/640.1

Function:

- Input voltage: 100V ~240 Vac, 47~63Hz
- Sustained short-circuit current: < 1.4 A
- Rated current: 640mA, short-circuit-proof
- 1-fold KNX output
- 1-fold Auxiliary voltage output
- · Output staus display
- Reset the KNX output
- Over temperature protection
- Current consumption level indication

KNX Smart Touch Z10

A-IS03 A-IS04

Function:

- Smart touch panel for both KNX and video intercom
- · Aesthetic design with aluminum faceplate
- 10.1 inch colored IPS touch screen, 1280x800 resolution
- Support both map-view and list-view of all KNX functions
- Colored breathing light adjustable for color temp and brightness
- 8 time functions, 4 event group functions and 8 logic functions
- Switching, dimming, curtain control, HVAC and other KNX functions
- Support German standard twin-60mm wallbox installation
- Starry grey and aurora red available

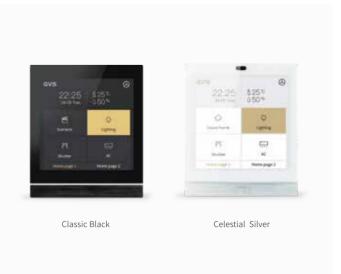

KNX Smart Touch V50/V50s

BV: CHTF-5.0/15.3.21 BH: CHTF-5.0/15.4.21 B50s: CHTF-5.0/15.5.21 SV: CHTF-5.0/15.3.22 SH: CHTF-5.0/15.4.22 S50s: CHTF-5.0/15.5.22

Function:

- Standard KNX Touch Panel with database & certificate
- 5" colored capacitive IPS touch screen, resolution 480*854
- Up to 2 home pages and 15 function pages can be configured
- + 16 time functions, 8 event group functions, 8 logic functions
- Password protection and customized screensaver
- Support switching, dimming, shutter control, HVAC control etc.
- Built-in temperature sensor
- Available with two colors silver & black , two types vertical & horizontal
- Supporting ring included for installation, perfectly fits 60mm/86mm wallbox

KNX Smart Touch V40/V40s/V40Lite

CHTF-4.0/15.3.21 CHTF-4.0/15.4.21 CHTF-4.0/15.5.21 CHTF-4.0/15.3.22 CHTF-4.0/15.4.22 CHTF-4.0/15.5.22

Function:

- Standard KNX Touch Panel with database & certificate
- 4" colored capacitive IPS touch screen, resolution 480*480
- V40 15pages, V40s 9pages, V40 lite 6pages
- 16 time functions, 8 event group functions, 8 logic functions(except V40 Lite)
- Password protection and customized screensaver
- Support switching, dimming, shutter control, HVAC control etc.
- Built-in temperature sensor
- · Available with two colors silver & black
- Supporting ring included for installation which fits 60mm/86mm wallbox

M+O Smart Home Solution Product List

KNX/Tuya-Zigbee3.0 Gateway

V1.0 BTMO-TY/00.1 BTMO-TY/00.2 (Zigbee → KNX)
V2.0 BTMO-TY/00.3 BTMO-TY/00.4 (Zigbee ↔ KNX)

Function:

KNX/Tuya-Zigbee3.0 Gateway is an innovative device which coupling KNX and Tuya Zigbee system. By easy programming, you can realize controlling KNX devices from Tuya APP, and uploading status information of KNX devices to Tuya platform, hence monitor and manage the devices conveniently.

There're 2 versions, V1.0 supports only control from Tuya APP to KNX devices; V2.0 supports bidirectional communication & control between KNX and Tuya/Zigbee.

- Work as a Tuya/Zigbee Gateway to connect to Tuya Cloud and add Tuya device.
- Upload KNX devices to Tuya platform to control and display status.
- Support KNX functions: switching, dimming, curtain, scene, AC control, background music, air quality and energy metering display etc.
- Logic functions.
- Support bidirectional communication between Zigbee and KNX device(V2.0).

Video Intercom System P. 015 - P. 027

IP Video Intercom System Briefing

GVS H Series system is a full digital video intercom system based on TCP/IP technology, it supports to create topology for large building easily and allows project to be equipped with high intercommunication performance.

The system supports video intercom, information broadcast, multi-channel calling, alarm, home automation, lift calling etc. Taking advantage from the IP technology, the system is with much better video intercom performance and sophisticated integration to smart home system which enables much more powerful functions for a smart space.

The system provide wide range of devices to meet requirements of all kinds of projects, with a full range of door stations, indoor monitors and accessories, a flexible and powerful intercom system can be easily set up and function well in the shortest time.

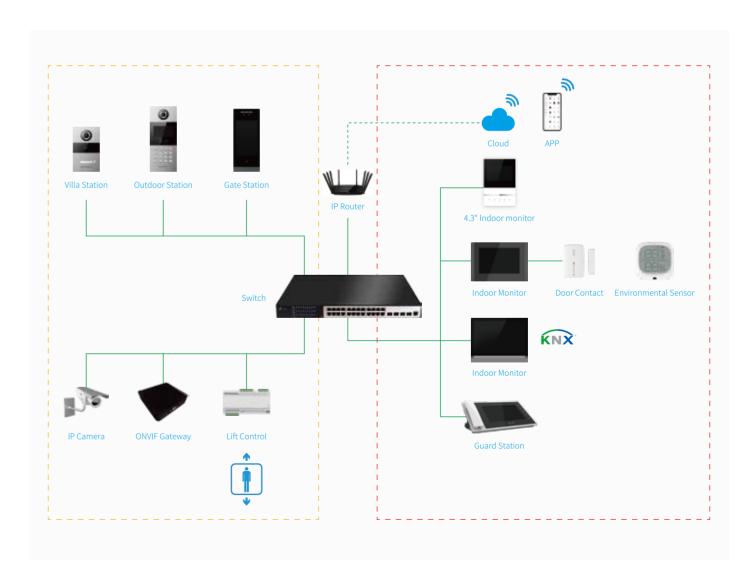

H Series Video Intercom System

The H Series system is a full digital video intercom solution based on TCP/IP protocol. It supports digital video intercom, information broadcast, multi-channel calling, room-to-room intercom, alarm, home automation etc. The solution provides clear and fluent video intercom service and security alarm, which enhances the community security.

The system could be defined and applied to different buildings with a wide-range functions, meanwhile, supporting both 24V PoE power and 48V standard PoE also makes the system more flexible for installations of all kinds.

8" Binocular Face Recognition Outdoor Station

H-OS18

Function:

- 2 megapixel HD camera
- Visual angle 123°
- Aesthetic design with aluminum faceplate
- 8" HD Display with sensitive touch panel
- Display resolution with 800*1280
- High precision algorithm for face recognition
- with approximite detection
- · Door status detection
- Multiple call methods
- Slim device with 0.5cm thickness

Mini Outdoor Station (Surface mounted)

H-VS07

Function:

- 2 megapixel HD camera
- · Aesthetic design with aluminum alloy panel
- Support proximity card unlock
- Easy call to resident and security station
- Equiped with white supplyment LED
- Door status detection
- IK07
- IP44

4.3" IP Outdoor Station

H-OS09

Function:

- 2 megapixel HD camera
- Aesthetic design with aluminum faceplate
- Face recognition with approximite detection
- 4.3" LCD Display with sensitive touch panel
- View angle 123°
- · Door status detection
- Fill-in light with high luminance LED
- Support IC Card
- Support normal-close /normal-open
- Support standard 48V POE
- Random password unlock and QR code unlock

Mini Outdoor Staion (Flush Mounted)

H-VS02

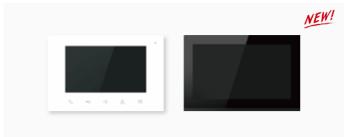

Function:

- Aluminum panel
- Working voltage: DC 24V (support POE)
- Support IC card
- Support intercom function
- Support tamper alarm
- · IP44 Waterproof

TCP/IP Video Intercom

H-IS07/H-IS34

10.1 " Indoor Monitor

- 10.1" glass capacitive touch screen
- Powered by 48V PoE & DC24V optional
- HD display with clear video performance
- · Automatic photo capture
- Support intercom function
- Support call diverting
- · Easy GUI customization
- · Home automation & Elevator Linkage

7" Indoor Monitor

H-IS19/H-IS33

- · Powered by PoE switch and DC24V optional
- 7" capacitive touch with advanced GUI
- · Automatic photo capture
- Support intercom function
- Alarm settings with 8 defense zones
- · Save up to 6 CCTV cameras in one monitor
- · Home automation connection & Elevator linkage

H-IS14 H-IS02

4.3 " Indoor Monitor

- Working voltage: DC 24V (support 24V POE)
- Protocol: Standard TCP/IP
- 4.3" TFT with advanced display effect
- · Automatic photo capture
- Support intercom function
- · Sensitive touch key, cost-effective version

Audio Phone

- SOS Alarm
- Support multiple telephone
- · Intercom between apartment & Guard Unit
- Ringtone/talking volume adjustable

IP Camera Gateway

· Support ONVIF IP camera

same time

• Support up to 255 CCTV cameras

Support 5 users' surveillance at the

Lift Control Module

Working Voltage: DC 24V

RS485 protocol output

(support POE)

H-LC02

H-LC03

Lift Control Module Access Control Card Reader (Dry Contact)

- Powered by DC 24V & 48V PoE
- Support TCP/IP LAN port in PoE

- Relay Interface with 16 fold relays max
 Adjustable unlock duration
- Transmitting Distance: 100M(Max)

- Max 10000 resident IC/ID card
- Powered by 24V PoE switch and DC24V optional

H-CR02

- · Door status detection

android Android-based Devices

TCP/IP Video Intercom

A-IS03

H-GU02

H-OS06

7" IP Outdoor Station

- 2 megapixel HD camera
- Aesthetic design with aluminum faceplate
- · Face recognition with approximite detection
- 7" LCD Display with sensitive touch panel
- View angle 123°
- · Door status detection
- Fill-in light with high luminance LED
- Support IC Card
- Support normal-close /normal-open
- Support standard 48V POE
- Random password unlock and QR code unlock *
- · Cloud intercom APP is required

KNX Smart Touch Z10

- Smart touch panel for both KNX and video intercom
- Aesthetic design with aluminum faceplate
- 10.1 inch colored IPS touch screen, 1280x800 resolution
- Support both map-view and list-view of all KNX functions
- Support optional 48V POE power & auxiliary 24V power
- · Automatic photo capture, easy GUI customization
- Support intercom function
- Support call diverting

H-IS16

7" Indoor Monitor

- · Working voltage: optional 24V/48V POE
- 7" capacitive touch with advanced GUI
- · Automatic photo capture
- Support intercom function
- · Alarm settings with 8 defense zones
- · Save up to 6 CCTV cameras in one monitor
- Support KNX home automation connection

10" Guard Unit

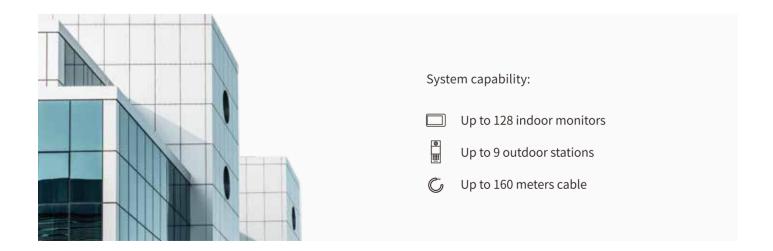

- Support max. 255 IP cameras
- Card management function
- Alarm and SOS alert
- · Support ONE-KEY (all) door opening
- PC Manayement system included

19 To make life smart, and smart simple! To make life smart, and smart simple! 20 2-Wire Video Intercom
2-Wire Video Intercom

GVS T Series 2-wire video intercom system is an analogue system that helps to create convenient video intercom system between visitors and residents. The 2-wire connection, as one of the easiest way for intercom system, allows the system to be installed in small to medium building of all types with a limit of 128 apartments in one system, new or old.

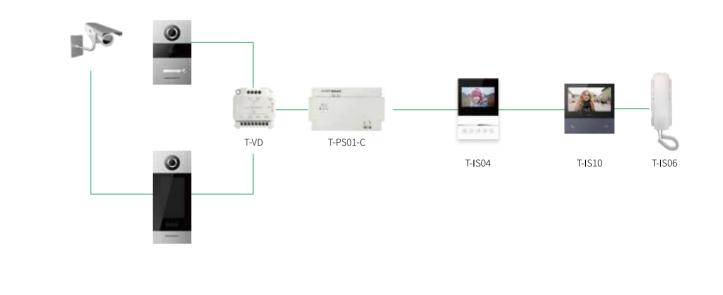

The system supports both the conventional video intercom and the cloud video intercom (certain models) by Tuya app.

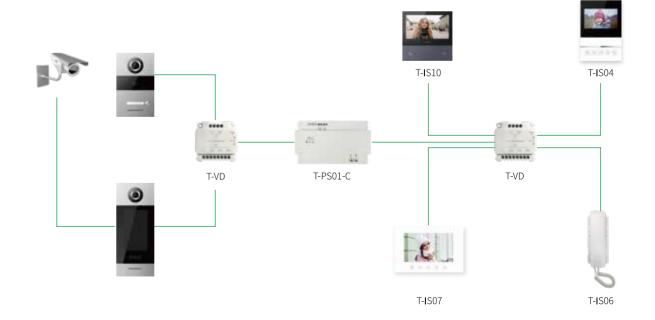

Typical 2-wire Topology

In/Out Connection:

Star Connection:

2-Wire Video Intercom

7" Touch Outdoor Station

T-OS02/T-OS14

Function:

- 7" capacitive touch screen design
- · Aesthetic design with Aluminium panel
- Support analogue camera surveillance by built-in interface
- Support 2-wire centralized power supply
- · Flexible GUI customization
- Name list program through 2-wire bus
- IC Card reader
- · Main page can be configured as keypad or name list type

2.8" Keypad Outdoor Station

Function:

- · Classic Aluminium panel
- Support analogue camera surveillance by built-in interface
- Support 2-wire centralized power supply

Mini Outdoor Station

Support unlock button interface

· Flush mounted installation

· Support white led light supplement

• IC card reader

IPX4 waterproof

- Support Name list
- IC Card reader

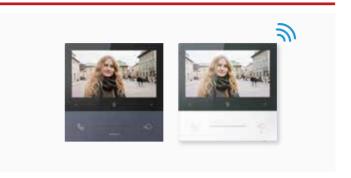

T-OS01/T-OS03/T-OS04

Mini Outdoor Station

- IC card reader
- Name tag with LED backlight
- 2 locks management
- Adjustable call volume and unlock duration
- Surface mounted installation
- IP44 IK07

T-IS10

7" Indoor Monitor

- 7" glass touch screen and nice touch keys
- · Video intercom, monitoring and unlock
- Max.4 indoor monitors in one apartment
- Support TF card extention (2-32G)
- Support photo capture and video record
- Can be reused as guard unit when addressed as 200*
- Built-in multi-languages
- Cloud Intercom HD display with resolution 1024×600

T-IS07

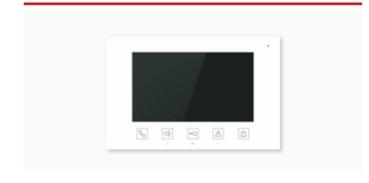

T-IS01

7" Indoor Monitor

- 7" glass touch screen and nice touch keys
- · Video intercom, monitoring and unlock
- · Max.4 indoor monitors in one apartment
- Support TF card extention (2-32G)
- · Support photo capture and video record
- Can be reused as guard unit when addressed as 200*
- Built-in multi-languages
- Support intercom

7" Indoor Monitor

- 7" glass touch screen
- · Video intercom, monitoring and unlock
- Max.4 indoor monitors in one apartment
- Support TF card extention (2-32G)
- Support photo capture and video record • Can be reused as guard unit when addressed as 200*
- Built-in multi-languages
- Support intercom

T-IS05

7" Indoor Monitor Lite

- 7" monitor with touch key with OSD
- · Video intercom, monitoring and unlock
- · Max.4 indoor monitors in one apartment
- Support intercom
- · Can be reused as guard unit when addressed as 200*

4.3" Indoor Monitor Lite

- 4.3" monitor with touch key design
- · Video intercom, monitoring and unlock
- Max.4 indoor monitors in one apartment
- Can be reused as guard unit when addressed as 200*
- · Support intercom

T-OS16/T-OS17

T-IS04

2-Wire Video Intercom

Monitor Distributor

- Connects up to 4 indoor monitors
- Necessary in a star connection topology to separate 4 monitors in one apartment (details please refer to topology diagram)

Door Station Distributor

- Connects up to 3 outdoor stations
- Necessary when there are more than 2 door stations in one system(details please refer to topology diagram)

Relay Control Module

- Relay for a second door lock
- Alternative for LED light controlling

Analogue Camera Interface

- For adding extra analogue cameras
- · 3 channels available

Tuya Video Kit

2-wire intercom kit

7" Indoor Monitor

- 7" colored TFT display
- · Touch Panel & Touch buttons
- Elegant design

Outdoor Station

- IP44 · IK07
- Max. 2 apartments supported
- · Easy and secured surface-mounting

Security Assured Pro & Lite Version

Way-2-Easy Kit Pro

2-wire intercom kit

7" Indoor Monitor

- 7" color TFT display
- Sensitive touch panel
- · Photo & Video recording

Outdoor Station

- · CMOS camera 600TVL
- · Aluminium alloy panel
- Proximity card reader
- · 2 locks management
- IP44 IK07

Power supply

- · Standar din-rail installation
- · AC 100-240V, 50-60Hz, 600mA
- Support max 6 devices

Name List Tool

T-Adaptor

• For configuration of the name list in 7" Touch Outdoor Station

Power Supply

- Working voltage: AC100V~240V
- Output voltage: DC30V
- Support system power management
- Single power supply powers
- · 32 indoor monitors maximum

Extended Power Supply

- Working voltage : AC100V~240V
- · Output voltage: DC30V
- Supports max 16 indoor monitors for signal amplification

Analog Signal Covernter

• Converting the analog signal into IP signal, for the 2 wire analog & Digital IP hybrid system projects

Plug & Play

Gift Package

Classic GVS project worldwide P. 029 - P. 033 Featured Project
Featured Project

Daxing International Airport

- O Location : Beijing, China
- Project Type: Airport
- □ Size: Departure Lounge & Landing Field

Beijing Daxing International Airport, as one of the TOP 3 airports globally, has finished its last phase of installation in mid 2019. The airport is famous for its unique and elegant design as well as it's huge capacity for passengers, it's praised as one of "The New Seven Wonders Worldwide" by British Guardian. GVS, as the leader of the smart building in China, has participated in the airport automation in its decoration phase and successfully installed thousands of KNX components in the brand new airport to enable smart lighting control, HVAC control etc. Till today, Daxing International Airport has become the biggest and most successful KNX airport project.

Guangzhou Metro System

- Project Type: Metro Station
- □ Size: 42 stations lighting control

GVS has won the KNX automation part in the latest THREE Guangzhou new lines: line #13, #14, #21 with 42 stations. The whole project has successfully been installed in 2018 and handedover to the civic operation office. With a huge number and extreme length, the Guangzhou Metro system now becomes the largest KNX automation system in the category of metro system worldwide. Besides, GVS is also working closely with metro/train station systems in other major cities like Shenzhen, Ji'nan, Zhangjiajie, Foshan etc.

Guangzhou Metro, Guangzhou, China

Wuxi Spring Garden Wuxi, China

Haoyuan Apartment Xinjiang, China

Haoyuan Community Jinan, China

Scandinavia Luxury Apartment

- Location: Jakarta, Indonesia
- Project Type: Commercial-Residential Complex
- □ Size: 1000+ apartments

With the help of GVS smart community technology, Scandinavia Apartment becomes one of the most significant building in Jakarta city. The Commercial-Residential complex solves the living problem, while GVS smart community solution improves the living quality. Over 2,000 GVS video intercom & KNX smart home devices contributed a lot in the automation & security of the building in 2018.

Smart Istanbul Residential Community

- Location: Istanbul, Turkey
- Project Type: Residential
- □ Size: 3000 Residence

As the biggest residential community in the capital city, the best smart community solution is required for a better living and management. By using GVS IP video intercom system, it offers a stable & reliable solution for the video intercom among visitors, residence and security guard. What's more, it also makes this huge community closly connected & smarter with features of alarm, surveillance, face recognition, remote APPs, lift control, QR code unock etc.

JIN MAO Palace Condominium

- Project Type: high-end condominium
- □ Size: 2400+ condo apartments

CHINA JIN MAO GROUP, as a Fortune 500 Company, is one of the biggest real estate and hotel investment group company in China. As s strategic partner of JIN MAO group, GVS has successfully helped the real estate giant in its condominium projects in Shenzhen, Guangzhou, Fuzhou, Xianmen and other big cities in China. With a combination of GVS tailored switches and solutions based on KNX home and building automation system, the high-end condos nowadays produced by JIN MAO are leading the real estate industry with smart home conception.

KL Eco City

- O Location: Kuala Lumpur, Malaysia
- Project Type : Commercial-Residential Complex
- □ Size: 500+ apartments

As special commercial & residential complex, the KL Eco City in Malaysia has planned quite environmentally friendly systems, among which KNX is one of the most important system. Over a thousand and half pcs of KNX devices from GVS have contributed to the automation of the building, helping the project win the first GBI Gold Medal in Malaysia.

Grand Hyatt Athens

- Project Type: 5-Star Hotel
- □ Size: 300 guest rooms

Grand Hyatt Greece, as a 5-star luxurious hotel under Hyatt Hotel Group, reopened in 2018 after a systematic renovation with GVS KNX hotel system. The hotel, as a landmark of Athens, started to accept its customers since 1983 and stopped in 2010 because of the crisis. Based on the latest KNX technology, GVS helped the hotel in its automation part and finally turned the hotel to smarter and more comfortable one with its advanced KNX technology.

Fairmont Marina Residences

- Project Type: hotel residences
- □ Size: 249 serviced apartments

Fairmont Marina Residences, a 39-storey Arabian themed skyscraper which resembles the hotel located at the top of Dubai's Palm Jumeirah, is the first Fairmont-branded hotel residences in the UAE, it's part of the 563-room Fairmont Marina Resort in Abu Dhabi.

GVS, by actively participating in the hotel decoration process of the project, has worked with a few other KNX brands and successfully equipped the hotel residences with the latest smart hotel technologyy.

Ji' nan Maternal and Child Healthcare Hospital

- O Location: Ji'nan, China
- Project Type : Smart Hospital
- □ Size: 50+ pediatrics patient rooms

Ji' nan Maternal and Child Healthcare Hospital is a famous First-class Hospital at Grade Three for women and children, the hospital is an integration for healthcare, scientific research and medical teaching, with its inpatient and out patient amount ranking first in Shandong Province. In October 2018, it became the 1st smart hospital under help of GVS team by installing he very first Smart Pediatrics Ward in Shandong Province with a total number of 50+ patient rooms. The smart ward has a variety of new functions such as visitor management system, smart information display, smart clinical date collection system, and all functions are transmitted by different protocols like LoRa, BLE, RFID, WiFi and KNX. As an excellent IoT service provider, GVS successfully integrated all protocols and made the hospital a smart and modern one.

How it works for a smart hospital?
