PROVISION-ISR:
ISRAELI KNOW-HOW FOR A SMARTER AND SAFER WORLD.

Provision-ISR is a fast-growing Israeli company founded in 2007 to meet the demand for high-quality products in the medium segment of the CCTV market.

Our wide range of products includes IP and HD technologies able to respond to the market's diversified demand.

- Advanced CCTV software and APPs developed by our Israeli engineers intended to keep the user experience intuitive and straightforward;
- A complete range of accessories specifically designed for the CCTV market, making Provision-ISR a One-Stop-Shop for all CCTV product needs.

We aim at building a more intelligent and safer world by giving security professionals all the tools they need to make the difference: constant training, professional and reliable technical support, and practical marketing tools.
PROVISION-ISR
CAM2 MOBILE APP

With Provision CAM 2, you can exercise complete control over your CCTV devices with no trouble! Set up your devices directly from your smartphone, enjoy the navigable playback bar and orient your motorized, PTZ, and Fisheye cameras. Everything in a touch of a finger!

CAM 2

Provision Cam 2 mobile APP

EASY, POWERFULL, COOL!

Provision Cam2 is a free application for iOS & Android devices. It is compatible with all NVRs, DVRs, and static IP Cameras. It offers the users complete control over their devices, including live view, playback, and settings. It is secured against unauthorized access and is user-friendly and intuitive for all users.
EXERCISE YOUR FREEDOM OF CHOICE
**Provision-ISR APP allows you to choose what is best for you!**

You can choose:

· What kind of view you will get when you open the APP (just a specific device, a favorite group of channels, the last viewed layout).
· What happens when you open a push notification (channel live view, playback point of the event, and more)
· The live view channel display mode (number or name).
· The kind of playback events to be shown (all, motion, sensors, analytics)
· Your desired view layout from 8 different view modes.
· Your video stream according to your network speed.
· Your playback up to 16 channels

ALL YOU NEED IS APP
No need to access your device interface: you can do it all from the Provision Cam2 APP!

· Set your devices directly through the APP with full configuration abilities as if you were actually at the installation site.
· Add faces to your face database.
· Backup recorded files.
· Talk and listen to through supported devices.
· Activate your alarms.
· Search for installation sites with our new device search option.
· Get cloud update push notifications and initiate them directly from your mobile!
· Choose who/what you are searching for (person or a vehicle) and get the related event in no time!
· Download the playback file (in MP4 format) to be played on any device.
EASY-CHECK SUPPORT

· Ability to see live captured people together with their temperature and recognition information.
· Ability to search for faces and see their captured temperature.

FISHEYE CAMERA
**Enjoy the ultimate fisheye viewing experience!**

We drew inspiration from the latest gaming and smartphone technologies to offer you a unique "virtual trip"!
· Virtual reality - moving the phone in any direction will move the image accordingly! · Virtual PTZ - zoom in/out and move inside the image for a full 360° view!
· Cylinder mode - get a 3D image and feel free to rotate and zoom the image with a swipe of a finger.

IT'S ALL ABOUT SHARING
**Share more by using any supported application on your smartphone!**

ProvisionCam2 APP allows you to share what you want through any application installed on your smartphone: WhatsApp, Facebook, WeChat, LinkedIn, Dropbox, E-mail, and much more!
· Share the QR code to allow your colleagues or family members to log in to your device quickly.
· Share snapshots or video clips from both live view and playbacks.
· Did you come across a problem? Share the problem log with our engineers directly through the APP!

FACE RECOGNITION
**Bring the new face recognition experience to your smartphone!**

Why not use your smartphone to build your face database? You can capture faces directly from your APP instead of using your IP camera!
· Take snapshots of faces and add them to the database!
· Pick the face photo from your phone gallery and add them to the database!
· Search for a specific person by taking his picture using the APP or use the existing database.

NOTIFY ME
Stay connected to your device and find out what's going on by getting a scheduled push notification!
· Motion/analytics/sensor event.
· Channel/ device malfunctions.
· HDD problem.

TOUCH GESTURE
Complete control at your fingertips!

· Login password gesture.
· Playback bar (a pinch for zooming).
· PTZ and motorized lens control.
· Drag & drop option to open device/ channel live view.
· Fisheye view.

MIX AND MATCH
Feel free to view it the way you want it!

· Visualize a mix of live-view channels from different devices worldwide on one screen and keep it as a favorite group.
· Visualize a mix of playback channels from different devices worldwide and play them back simultaneously.
