

EVAC+CHAIR

Emergency Evacuation for Everyone

A universal solution for evacuating anyone with a mobility impairment or injury from a multi-storey building.

The World's Number 1. Evacuation Chair

With its unique design, EVAC+CHAIR is easy to use and can be operated by one person.

EVAC+CHAIR 300H

Double handed grip

Comfortable grip for easy operation by one person

Contoured head or back rest

Extra support and an optional forehead restraint

Sling style seat

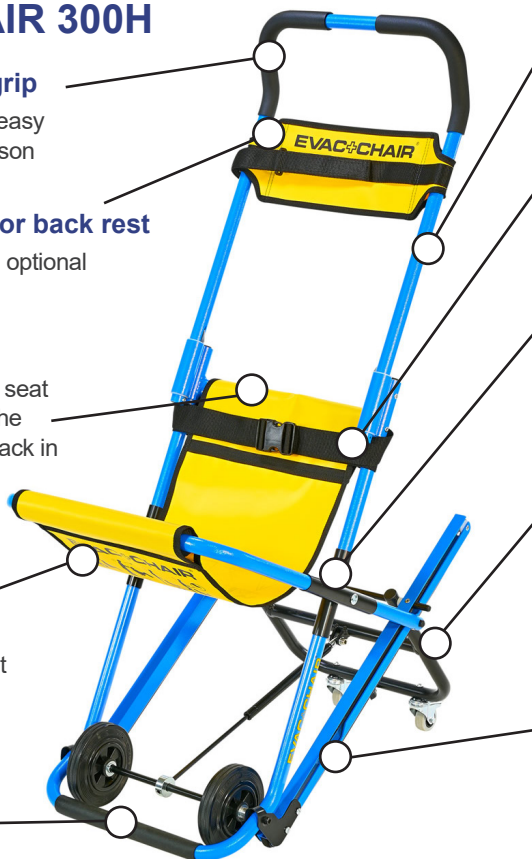

Comfortable, padded seat design that ensures the passenger is sitting back in the chair and cannot be tipped forwards

Easy-to-follow instructions

Pictorial instructions printed under the seat

Anti-slip grip

Enhances stability when a passenger is getting in and out of the chair

Lightweight design

The 300H model weighs just 9.5kg

Safety belt

Sewn in to improve durability

Neat design

The 300H model folds up to a depth of just 210mm and stores easily on the included wall hooks

Kickstand & casters

50mm wheels and an upgraded kickstand distribute the passengers weight evenly adding to the ease of use

Unique friction belt system

Self-braking track to control smoothness and speed when descending stairs

Storing your EVAC+CHAIR

The EVAC+CHAIR 300H is supplied with wall hooks and signage plus a dust cover and user guide.

Free-standing EVAC+CHAIR stands are also available separately.

EVAC+CHAIR 600H

Ascends & descend standard stairs

EVAC+CHAIR 500H

Increased maximum passenger load

EVAC+CHAIR 110

Suitable for use in narrow corridors and stairwells

EVAC+CHAIR 900H

Battery powered motorised chair

EVAC+CHAIR IBEX 700H

Ascent & descent plus spiral staircases

Why Does My Organisation need an EVAC+CHAIR?

According to current fire safety regulations, it is the duty of the Responsible Person for the building to provide a fire safety risk assessment that considers the needs of **all of its users**. It should contain an emergency evacuation plan for all people likely to be on the premises. This includes anyone who is disabled or has additional needs. The Disability Discrimination Act 1995 (DDA) also supports these regulations.

An EVAC+CHAIR can be used to safely evacuate anyone with a permanent or temporary mobility impairment in an emergency situation.

- World leaders in evacuation for 35 years
- Designed and manufactured in the UK
 - Unique technology and design
- Widely accredited with many organisations including BSI, FIA and Constructionline
- Wide range of products including Narrow Aisle and Motorised Evacuation Chairs

Training Courses & Servicing

EVAC+CHAIR Training

Our trainer can visit your site and teach a group of up to 6 participants. The 2.5 hour course covers theory and hands-on practice with a practical assessment.

For larger organisations, we offer a 'Train the Trainer' course. Our instructor can teach up to 3 participants to deliver training to other team members in your organisation.

- Certificate on completion
- Experienced, qualified trainer

EVAC+CHAIR Installation

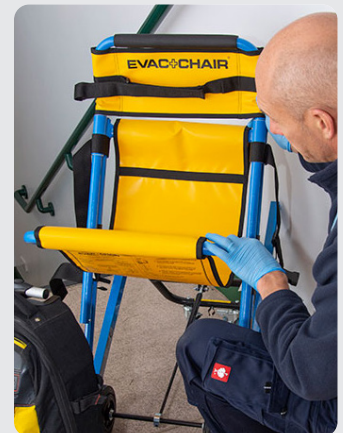

Our experienced technicians will attend your premises and then position and install your evacuation chair. They will fasten the necessary brackets to the wall and ensure that your chair is securely held and easily accessible, ready for when it is needed.

- Upfront, all-inclusive costs
- Qualified technicians

EVAC+CHAIR Servicing

Ensure your legal requirements are met by regularly servicing your evacuation chair. Servicare is an annual service of EVAC+CHAIR that covers:

- A thorough inspection
- Testing of the equipment
- Replacement of any worn parts
- A service certificate for your records

Why Choose Safelincs?

With Safelincs, you can expect:

- Excellent customer service from an award winning British company
- High quality products at competitive prices
- Great service from a company who are committed to reducing waste and creating sustainable environmental solutions where possible
- Support and advice every step of the way including excellent after sales service

*The best company for all fire related equipment
and the delivery and overall cost and
experience by far the best to do business with.
One stop shop for all my needs.*
